

Ramsey High School School Climate and Anti Bullying Initiatives

The Ramsey High School staff is committed to providing all students with a positive and safe environment where independence, critical thinking, communication, and problem solving skills are honed in preparation for lifelong learning and global citizenship. It is imperative that we work together to achieve this goal. In order to increase sensitivity to the needs of all members of our community Ramsey High School builds upon the lessons learned at the elementary, intermediate, and middle schools by integrating the goals of respect, honesty, kindness, responsibility and empathy throughout the curriculum.

In promoting a safe school environment, students have the opportunity to participate in a variety of activities including, but not limited to the following:

- Class discussion and definition of HIB in English
- A Week of Respect
- Yearly class meetings
- Health education curriculum
- Student attendance at Big North Sportsmanship Conference
- Upper-class leadership initiatives
- Meetings with club, band, and sport leaders
- Cyberbullying training for parents
- Guidance meetings with freshman students
- Students Assistance Counselor meetings
- Additional school-wide events that promote a positive school environment
